C G Am

What's the use in painting faces

C G Am

You're never gonna find a shade to match

Dm G C Em Am

Well yours is a common name

C G Am

When I love I will love so hard

C G Am

Harder than I could love with you

There's nothing in your eyes

But slightly amused

An offer of me you politely refused

Is it that my heart beat too loud

Is it that I did not bid it come down

Your round about etiquette

You hold the door but you won't let me in

I am tired

I am through

When I love I will love so hard

Harder than I could love with you

Harder than I could love with you

I won't make you flex emotion

I won't make you come a little closer

Do what you want

Don't do it for me

What's the use in chivalry

I am tired

I am through

When I love I will love so hard

Harder than I could love with you

Harder than I could love with you
