[Verse]

Bb Eb G#
Are we awake?
Bb Eb G#
Am I too old to be this stoned?
Bb Eb G#
Was it your breasts from the start?
Bb Eb G#
They played a part
Bb Eb G#
For goodness sake
Bb Eb G#
I wasn't told you'd be this cold
Bb Eb
Now it's my time to depart and
G# Bb Eb G#
I just had a change of heart

Bb Eb
I'll quote on the road like a twat
G# Bb Eb
And wind my way out of the city
G# Bb Eb
Finding a girl who is equally pretty won't be hard
G# Bb
Oh, I just had a change of heart

D G A (x7)

Eb G#

Bb Eb
You smashed a glass into pieces
G# Bb Eb
That's around the time I left
G# Bb Eb

And you were coming across as clever

G# Bb Eb

Then you lit the wrong end of your cigarette

G# Bb Eb

You said I m full of diseases

G# Bb Eb

Your eyes were full of regret

G# Bb Eb

And then you took a picture of your salad

G# Bb

And put it on the Internet

Eb G# Bb

And she said...

[Refrain]

Eb/G Eb/F# Eb/E

You used to have, a face straight out of a magazine,

Now you just look like anyone,

I just had a change of heart,

G# Bb Eb

I feel as though I was deceived,

G# Bb Eb

I never found love in the city,

G# Bb Eb

I just sat in self-pity and cried in the car,

G# Bb Eb

I just had a change of heart

G# Bb

Then she said....

[Refrain]

Eb/G Eb/F# Eb/E

I ve been so worried about you lately
