

**A Change Of Heart**  
**The 1975**

[Intro]

**E A B**  
**E A B**  
**E A B**  
**E A**

[Verse]

**B**                    **E A**  
Are we awake?  
**B**                    **E**                    **A**  
Am I too old to be this stoned?  
**B**                    **E**                    **A**  
Was it your breasts from the start?  
         **B**                    **E A**  
They played a part  
         **B**                    **E A**  
For goodness sake  
**B**                    **E**                    **A**  
I wasn't told you'd be this cold  
**B**                    **E**  
Now it's my time to depart and  
         **A**                    **B**                    **E A**  
I just had a change of heart

**B**                    **E**  
I'll quote on the road like a twat  
         **A**                    **B**                    **E**  
And wind my way out of the city  
         **A**                    **B**                    **E**  
Finding a girl who is equally pretty won't be hard  
         **A**                    **B**  
Oh, I just had a change of heart

D G A (x7)

**E A**

**B**                    **E**  
You smashed a glass into pieces  
         **A**                    **B**                    **E**  
That's around the time I left  
         **A**                    **B E**

And you were coming across as clever

**A B E**

Then you lit the wrong end of your cigarette

**A B E**

You said I m full of diseases

**A B E**

Your eyes were full of regret

**A B E**

And then you took a picture of your salad

**A B**

And put it on the Internet

**E A B**

And she said...

[Refrain]

**E/G E/F# E/E**

I ve been so worried about you lately

**E/G E/F# B**

You look shit and smell a bit

**E/G E/F# E/E**

You re mad thinking you could ever save me

**E/G B**

Not looking like that

[Verse]

**B E A B E**

You used to have, a face straight out of a magazine,

**A B E**

Now you just look like anyone,

**A B E**

I just had a change of heart,

**A B E**

I feel as though I was deceived,

**A B E**

I never found love in the city,

**A B E**

I just sat in self-pity and cried in the car,

**A B E**

I just had a change of heart

**A B**

Then she said....

[Refrain]

**E/G E/F# E/E**

I ve been so worried about you lately

**E/G E/F# B**

You were fit but you re losing it

**E/G E/F# E/E E**

You played a part, this is how it starts

**B**

**E**

Oh I just had a change of heart

[Outro]

**A**

**B**

**E**

I just had a change of heart (x8)
