Chaos by The 4 Skins

INTRO: **D A G G** (with lead)

**D A G G**  
Do you remember in 1969?, Seeing all the skinheads standing in  
a line  
Foaming at the mouth, Waiting for a fight, High boots, cropped hair, what a  
fuckin sight

CHORUS:

**F G**  
Come back of the skinhead, come back of the boot  
People that we don t beat up, We re gonna fucking shoot  
**F F G G**  
We are the new breed, we will have our say, we are the new breed, we ain t gonna  
die

Trouble east London, Trouble in the street, On the street corners Where the gang  
still meets  
Talking about the weekend, What they re gonna do? If you aint careful, They are  
gonna do you!

REPEAT CHORUS:

REPEAT INTRO:

Chaos in the city, Civil war now, Skinheads taking over, Like skinheads know how  
Skinhead with his boots on, Nobodys fool, Skinheads taking over, Chaos is the  
rule!

CHORUS (different lyrics)

Chaos, chaos, chaos - dont give a toss  
Chaos, chaos, chaos - dont give a toss!
