Let the camera linger on your perfect skin

As you turn to go

Let there be a record of your gorgeous voice  
The turn of phrase that filled my days with joy  
Something like Bing singing soft and low  
As you turn to go

**E** **B** **F#**  
I know I`m not supposed to say I`m sorry

**E** **B** **F#**  
I know you`ve had more loves than Mata Hari

**E** **B** **F#**  
But you know you`re the star of my life story

**B**  
And I`m so sorry

Let the poets struggle to describe your heart  
Your art of love and your love of art  
Well, if you ever loved me  
Tell me so  
As you turn to go
