**C**

Heavy is the heart

**G**

That reaches out in vain

**F**

And tearâ€™s itâ€™s self apart

**C**

And runs back for the same

**C**

And many other songs

**G**

Will only go unheard

**F**

But when the fight is gone

**F**

We both will sing along

**C**

And weâ€™ll know every word

**Dm**

And out in the yard

**G**

Hands will be shook

**C**

And weâ€™ll laugh at all the chances we took

**F**

**G**

**C**

Yeah you can wreck yourself

**Dm**

You can call me names

**Em**

**F**

You can swear and say, Iâ€™m the one to blame

**C**

You can raise your voice

**Dm**

You can roll your eyes

**Em**

**F**

Honey Iâ€™ll still love you anytime

**C**

Cause thereâ€™s no other place

**G**

That I would rather be

**F**

Cause when I look at you

**C**

You look right back at me

**C**

So please donâ€™t be upset

**G**

And please donâ€™t be alarmed

**F**

Weâ€™ll take it to the west

**F**

The place that I love best

**C**

I need to be in your arms

**Dm**

And out in the yard

**G**

Hands will be shook

**C**

**F**

And weâ€™ll laugh at all the chances we took

**Dm**

And wonâ€™t it be great

**G**

Yes wonâ€™t it be good

**F**

**G**

I thank god, that wasnâ€™t so hard

**C**

Yeah you can wreck yourself

**Dm**

You can call me names

**Em**

**F**

You can swear and say, Iâ€™m the one to blame

**C**

You can raise your voice

**Dm**

You can roll your eyes

**Em**

**F**

Honey Iâ€™ll still love you anytime

**C**

You can hurt your self

**Dm**

You can run and hide

**Em**

**F**

Honey Iâ€™ll still love you anytime

**G**

Yeah the earth can shake

**G**

And the rain can fall

**F**

But I wonâ€™t be scared cause I

**Em**

No thereâ€™s nothing you could do

**Dm**

**G**

To get me to say goodbye
