

Chicago

The Academy Is...

I couldn't find any lyrics, let alone chords for this online, so I figured I'd do it all here. Standard tuning, no capo. Not sure about the C#sus2 chord though - please comment with a suggestion if you find it weird too. Other than that I'm fairly certain this is spot-on perfect. This is my first tab/chord thing, so let me off for little inaccuracies! I did a guitar tutorial for this song on youtube, here's the link:
