

Illuminated Red
The Accidental

Am F C G

Am F
If I leave before the Raven
C G
Just before the empire falls
Am F
We might find the occasion
C G
To dance upon those city walls

F Em Am
Just imagine if each line you drew
Em
Was directed by you
F Em Am
And imagine that each cup you filled
Em
Was a moment meant for you

F Am
And illuminated red
F Am
And illuminated white instead
F Am
Like a red sock burning through my table
F G
Lying in my bed

Am F C G

Am F
If I wake before they close up
C G
Just before the washing s done
Am F
I can watch my warm socks spinning
C G
And write a song to strike you dumb

F Em
Just imagine if each word
Am Em
We said was collected in a bag

F **Em** **Am**
And imagine if your mouth on mine
Em
Could bring all those atoms back

F **Em**
And imagine lions and geese in here
Am **Em**
And imagine cars and trains

F **Em** **Am**
And imagine perfect sleep in here
Em
From the tyre tracks in your brain

F **Am**
And illuminated red

F **Am**
And illuminated white instead

F **Am**
Like a white sun burning through my TV

F **G**
Lying in my bed
