Buy it, buy it, itâ€™s bad for you but buy it.

Buy it, buy it, itâ€™s bad for you but buy it.

Hello ladies, how are you feeling today?

Are you feeling unloved, unwanted and miserable?

Is this because no-one loves you?

If this is so, itâ€™s because you do not have our new improved product.

For if youâ€™d have our product, everyone would love you.

Are you tired of being the dull drab, uninteresting self that you are?

Would you like to be transformed into the new exciting, mystical alluring

essence of your being?

If so you had better buy our product.

Youâ€™d be amazed at what our product can do for you!

(the canon part, which is composed out of these sentences)

Buy it, buy it, itâ€™s bad for you but buy it

Youâ€™ve got to

Buy it!

You buy it.

Bad!

Buy!

Why!

Better buy that!
