

Baby Who
The Aces

[Verse 1]

D

Look for answers
I never used to wonder why

A

Search for loving
But that always comes in time

D

Make it look easy
Wish I didn't have to try

A

Out with strangers
Used to take up all my nights

[Pre-Chorus]

F#m **E A**

Would you tell me if I'm right?

D

Is it worth your time?

F#m **E** **A**

You can try all day to change my mind

D **A**

But I can't do that

[Chorus]

E **F#m**

I don't need you now

A

I don't need you now

D

Baby who?

E **F#m**

Now you want me bad

A

But I don't want you back

D

Baby who?

[Verse 2]

D

Stay together
When it starts to fall apart

A

Nothing's forever
It doesn't have to break your heart

If you let it

Time will always do you right

A

For the moment

We can push this it aside

Would you tell me if I **â€™** right?
