I m taking in like to what I see  
I m holding my breath consciously  
I m doing this all so you can see  
So you can see

I m doing what I can to be your man  
I m making all these plans for you to understand  
I notice you (notice me)  
Please notice me too

I m taking in mind to what I see  
I m playing along consciously  
I m doing this all so you can see  
So you can see

I m doing what I can to be your man  
I m making all these plans for you to understand  
I notice you (notice me)  
Please notice me too

(Noticing me, noticing me, noticing me)  
In time, you will know the reason why (In time, yeah)  
In time, everything will just feel right...In time.  
In time,  
In time.

I m doing what I can to be your man  
I m making all these plans for you to understand  
I notice you (notice me)  
Please notice me too
