SAFETY IN NUMBERS (THE ADVERTS)

(note: not so sure about chords on pre-chorus....open to comment)

GUITAR INTRO: Some sort of A chord strummed 4 times!

ALL IN: **F# F# E** x4

VERSE:

A **E** **F#**
F#

What are you going to do with your new ways?
What are you going to do with your new wave?

Bb **B**
Maybe it s that you no longer care.

Now you re so great. You ve just got to stand there.

Bb **B** **C#**
Or were you never even bothered anyway, About the new wave.

CHORUS

F# **A** **E**
What about the new wave?
Did you think it would change things?

BREAK: **F#** x4

VERSE: (same as first verse)

Here we all are in the latest craze.
Stick with the crowd, hope it s not a passing phase.
It s the latest thing to be nowhere.
You can turn into the wallpaper.
But you know you were always there anyway,
Without the new wave.

REPEAT CHORUS:

BREAK: **F#** x4

B **B** **Bb** **Bb**
It s just safety in numbers, x3
B **B** **F#** (strum) **E** (strum) **A** (strum) **E** (strum)
itâ€™s safety inâ€¦

F# F# E x4

VERSE:

When it s tricky, when it gets tough,
When you need to feel that you re good enough,
All you pretty people who ve been taken over.
Had better start looking for your own answers.
Cause there s no safety in numbers anyway, Or in a new wave

REPEAT CHORUS:

BREAK: F# x4

B **B** **Bb** **Bb**
It s just safety in numbers, x3
B **B** **F#** (strum) **E** (strum) **A** (strum) **E** (strum)
itâ€™s safety inâ€¦
