by Pinoyattrouble  
Standard Tuning  
Capo on Sixth Fret

Intro- [G G/F# C(2x)]

[G G/F# C ](hold C out 2x than G and G/F#)

Look outside

It s already light and the stars ran away with the night

Things were said, words that we ll try forget,

it s so hard to admit

[Em, C, G/F#(2x)]

I know we ve made mistakes

I see through all the tears

and that s what got us here

[G G/F# Em G/F# C Em C D]

If love is an ocean wide

We ll swim in the tears we cry

They ll see us through to the other side

We re gonna make it

[G G/F# Em G/F# C Em C D]

When love is a raging sea

You can hold on to me

We ll find a way tonight

Love is an ocean wide

[G G/F# C(2x)]

I ll stay right here

It s where I ll always belong

Tied with your arms

Days like this, I wish the sun wouldn t set

I don t want to forget

[Em C G/F#(2x)]

What made us feel this way

You see through all my fears

And that s what got us here

[Chorus]

[G G/F# Em G/F# C Em C D]

If love is an ocean wide  
We ll swim in the tears we cry  
They ll see us through to the other side  
We re gonna make it  
[G G/F# Em G/F# C Em C D]  
When love is a raging sea  
You can hold on to me  
We ll find a way tonight  
Love is an ocean wide

[Break]  
wide enough to forget  
even when we think we can t
