

Half Of Something Else
The Airborne Toxic Event

This is tabbed after the bass but i play it on guitar so
I use bar chords and alternate between playing on just one string, and chords.
Simple as it gets!

(If you want to play after the bass its
low E--12---5----9 in the same alternation as the chords)

Great band, great song! Don t forget to support the bands you love!

--Half of something else--

Intro

E E A E C# E

E **E**
On the night that we met
A
You said that you wanted
E
Something more from me
C# **E**
And it was all that I could do

E **E**
I remember your face, like a childs
A
The way that you blushed and
E
The way that you d smile
C# **E**
And that was all that I can do
C# **E**
And I wake up feeling new
C# **E**
You re so much more I never knew

E **E**
So I think of all the years spent alone
A
It s like you re searching for something
E
To make you feel whole

C# **E**
Like a half of something else
C# **E**
Like a half of something else
C# **E**
just a fraction of yourself

Solo
E E A E C# E

E **E**
Dont take it so hard, we did what we could

A
There were no easy answers

E
To be understood

C# **E**
And it was all that we could do

C# **E**
We re the only ones who knew

C# **E**
Now all I think about is you

E
The way that you screamed

E
The way that you cried

A
The way that you d wipe your eye s

E
And fall against my side

C#
The way that you told

E
Told me I was wrong

E
And the way that you d sing

E
When you d hear a song

A
And the way that you answered

E
When you knew I was gone

C#
Now I know that i m blind

E
And that you re all I see

A
And now I know it s not clever

E
But I just want you with me

C# **E**

I m only half of something else

C#

E

I m only half of something else

C#

E

I m only half of something else
