

**True Love**

**The Airborne Toxic Event**

The Airborne Toxic Event - "True Love"

**E**

My heart, my head

**E**

My head, my head

**E**

This blood, this bed

**E**

**Dbm**

This bed, this bed

**A**

**Dbm**

If I can feel the angels falling down around my head

**A**

Their bodies spinning endlessly in circles round this bed

**A**

**E**

**Dbm**

Cause it s true love, cause it s true love

**A**

Cause it s true love, cause it s true love

**E**

**Dbm**

Cause it s true love, cause it s true love

**A**

Cause it s true love, cause it s true love

**E**

And you don t know what to do sometimes

**A**

And you re just lost there for days

**Dbm**

And everyone tells you just calm down

**A**

remember what she said

**E**

And she s standing by the record store

**A**

She s got her whole life in her hands

**Dbm**

She says she s crazy, man, but I m crazy too

**A**

And I m crazy for what we had

**A**

**E** **B**

It was true love, it was true love

**A** **B**

It was true love, it was true love

**E** **B**

It was true love, it was true love

**A** **B**

It was true love, it was true love

**E** **B**

It was true love

**B** **B**

And everyone told me that I was wrong

**A** **B**

But I thought that it wasn't true

**B** **B**

And everyone told me I was wrong

**A** **B**

But I'm going home with you

**A** **B**

Cause I was there

Bridge:

**E**     **A**     **E**     **A**     **E**

**B**     **A**     **E** (x2)

**E** **B**

And I tore myself apart that night

**A** **B**

Just wondering where you had gone

**Dbm** **B**

With the hound dogs sleeping in the alleyway

**A** **B**

And all the angels on your lawn

**E** **B**

They're standing here in front of me

**A** **B**

You got the whole life in your hands

**Dbm** **B**

I know I'm crazy, love, but you're crazy too

**A** **B**

You're the only thing in my prayers

**A** **B**

**E** **B**

Cause it's true love, cause it's true love

**A** **B**

Cause it's true love, cause it's true love

**E**

Cause it s true love, cause it s true love

**B**

**A**

Cause it s true love, cause it s true love

**E**

Cause it s true love

**B**

And everyone told us just go find

**A**

The meaning of a brand new song

**B**

But they don t know a goddamn thing about us

**A**

Or a thing about holding on

(no chord)

Cause we we re wrong
