

Day After Day The Show Must Go On  
The Alan Parsons Project

**G**

Gaze at the sky

**Em**

And picture a memory

**G**

Of days in your life

**Em**

**C**

You knew what it meant to be happy and free

**Am**

**G**

With time on your side

**G**

Remember your daddy

**Em**

When no one was wiser

**G**

Your ma used to say

**Em**

**C**

That you would go further than he ever could

**Am**

**G**

With time on your side

**Em**

**C**

Think of a boy with the stars in his eye

**Em**

**C**

Longing to reach them but frightened to try

**Em**

**Am**

**Em**

**Am**

Sadly, you d say, someday, someday

**G**

But day after day

**Em**

The show must go on

**G**

And time slipped away

**Em**

**C**

Before you could build any castles in Spain

**Am**

**G**

The chance had gone by

**G**

With nothing to say

**Em**

And no one to say it to

**G**

Nothing has changed

**Em**

You've still got it all to do

**C**

Surely you know

**Am**

**G**

The chance has gone by

**Em**

**C**

Think of a boy with the stars in his eye

**Em**

**C**

Longing to reach them but frightened to try

**Em**

**Am**

**Em**

**Am**

Sadly, you'd say, someday, someday

**G**

But, day after day

**Em**

The show must go on

**G**

And you gaze at the sky

**Em**

**C**

And picture a memory of days in your life

**Am**

**G**

With time on your side

**Am**

**G**

With time on your side

(day after day the show must go on)

With time on your side
