G **EM**
It s a man at the c.i.a. hey hey hey

So i got put in jail because i got into a fight
And while i was in prison i got beat up every night
Torture it was blackmail i was messed up with cocaine
And then they had me thinking that i knew just who to blame

But it s not me that you re after it s not me that s gonna pay
It s not me that is guilty
It s a man with the c.i.a.

It s not me that you re after it s not me that s gonna pay
It s not me that is guilty
It s a man with the c.i.a.

Hey hey hey

So there i stood before him a revolver in my hand
With one shot for the torture and a bullet for the man
So now i m up for murder on a charge i can t deny
Well there ain t no clues i m bom to lose and no ones gonna ask me why

Wll it s not me that you re after it s not me that s gonna pay
It s not me that is guilty
It s a man with the c.i.a.

It s not me that you re after it s not me that s gonna pay
It s not me that is guilty
It s a man with the c.i.a.
