

**Always For You**  
**The Album Leaf**

If you want to try to play the melody along with the chords you can use the D\* chord. It s a little different and makes this possible. If not you can just play a D minor in its place, they both sound fine. Also, you ll want to leave out the high e string in the G chord if you re going to play the melody. Again, just the chords sound good. The same pattern repeats through the whole song.

**F** **D\***  
In the air I flew, Through the clouds I fall  
**Am** **G** etc...  
Through the country I ve walked, In front of temples I ve stood  
Before the ocean I pray, And I said your name  
In the air I flew, Through the clouds I fall  
**F**  
And all the things I ve tried to say  
**D\***  
Were never easy to explain  
**Am** **G** etc...  
They were always meant for you  
  
And all the memories that were made  
For years and years I ve chased this day  
They were always for you  
Always for you

In the air I breath, Through the clouds I see  
Through the cities I ve walked, In the castles I dreamed  
On the mountain I climb, When I call your name  
In the air I flew, Through the clouds I fell

And all the things I ve tried to change  
Were never easy to contain  
They were always meant for you  
(always for you)

And all the memories will never fade  
For years and years, In my heart you ll stay

It was always for you  
Always for you  
Always for you

And all the pieces that remain  
They will build a place for us to stay  
They were always meant for you  
(always for you)

And all the chances that we take  
For years and years, We ll have this place  
They were always for you  
Always for you
