**B**  
Don t put a spell on me  
**C#**  
you feel that you don t have a choice  
**E**  
even if you ve only been gone  
**Em**  
for one day  
  
Don t put the blame on me  
cause you ve pushed my lonely heart against your wall  
and drenched my open wounds in your salt  
well I m okay

**F#**  
Into the light  
**E**  
and into the dark  
  
into the light  
**F#**  
and then into the dark  
  
into the light  
**E**  
or into the dark

Don t put a spell on me  
oh, I ll be walkin barefoot in the snow  
then I ll be chasin rainbows stead of gold  
day by day

We could not put ourselves at stake  
while we sleep in the same bed fully clothed  
we are two wheels only one is on the road  
at least to her

Into the light  
and into the dark

into the light  
and then into the dark  
into the light  
or into the dark

**E**

when we wake up in the crossfire

**F#**

maybe we can make it all

**E**

when we wake up in the crossfire

**F#**

baby we can make it light

**E**

when we wake up in the spotlight

**F#**

maybe we can make it light

**E**

when we wake up in the spotlight

**F#**

baby we can make it light
