Back To Me
The All-American Rejects

```
-------------------------------------------------------------------------
      Back To Me - The All American Rejects
-------------------------------------------------------------------------
```
Tabbed by: balong

Tuning: Standard Tuning

Intro:
A - **F#m** - **D** - **E** - **A**

Verse 1:
```
 Bm        D
```
Hey you

```
                              A
```
So you never really found your way

```
 Bm          D
```
Stay true

```
                              A
```
Did you ever make it through today
```
                     F#m
```
I know that when I think about a day without it

```
  D
```
Everyday s the same

```
  C#m
```
You wish that you could find someone

```
   E
```
But I m the only one to blame

Chorus:
```
         A
```
Can t you see

```
           F#m
```
I beg and plead

```
              D
```
Cause when your eyes light up the skies at night

```
  E                                                  A
I know you re gonna find your way back to me

(Repeat Intro)

Verse 2: (Use the same chords as Verse 1)
Bm         D
No don t
                                           A
Don t you ever let a piece of me down
Bm                 D
Cause time won t
                                 A
Get back when I m never around
           F#m
When we live between so many walls
         D
That I can barely breathe
      C#m
You say that you just want someone
        E
But I m the only one you need

Chorus:
     A
Can t you see

           F#m
I beg and plead

                 D
Cause when your eyes light up the skies at night

 E                                                 A
I know you re gonna find your way back to me

        A
If it s me

             F#m
That you don t need

          D
When the lights go out tonight I know

        E
You re never gonna find your way

Bridge:
C#m                              D
Soon when I get you I won t let you go
```

```
C#m
Oooh if I let you

        D                                                    C#m
You can take away all that I thought was wrong

                                            D
And if you hear me there s not much to say

        E
There s gotta be a better way

Solo:
A - F#m - D - E - C#m - D

After Solo:
E-D-C#m-D-C#m-B-E

Chorus:
     A
Can t you see

            F#m
I beg and plead

                    D
Cause when your eyes light up the skies at night

 E                                                 A
I know you re gonna find your way back to me

     A
Can t you see

            F#m
I beg and plead

            D
When the lights go out tonight

    E
I know you re never gonna find your way

        A
If it s me

                    F#m
That you don t need

            D
When the lights go out tonight I know
```

```
        E
You re never gonna find your way

Outro:
      C#m                                  D
If you pace around the world till you and me

And when your eyes light up the skies at night

        E
I know you re gonna find your way back to me
```
