F#
Time does tell
                    B
That even if they say so
                          Ebm
She d be the one that would know
      C#   **F#**
That I did do what I ve done
                           B
And I, I wouldn t call it cheating
                    Ebm
I d just say I was leading her on
          C#   **F#**
Why walk while I run a-way

Ebm
You- you ask me what went wrong
F#
Me- i ll write you this last song
B   **C#**   **F#**
Please- just tell me one way we can win
Ebm
One- more thing before I go
F#
Two- the one who loves me so
B   **C#**   **F#**
Three- don t make me count to three again

F#   **B**
Happy endings
Ebm   **C#**
Just what did you do, If you re a dream then come true
F#   **B**
Stop pretending
Ebm   **C#**
That what you mean isn t what you say
F#   **B**
Hopeful dreaming,
Ebm   **C#**
Of times before the pain, wishing it was still the same
F#   **B**
Loving, leaving
Ebm   **C#**
Round and round and round we go again

F#                                                           B
Walks a-lone, have often lead to thinking
                Ebm                    C#                          F#
My love for you is sinking to what seems an all time low
                                    B
or high, the limits  never ending,
                                    Ebm
And don t you know I m sending
               C#                        F#
There s no venture I won t go
For you

Ebm
You- you ask me what went wrong
