Happy Endings
The All-American Rejects
my first tab :) is not perfect, but i think it s good
Time does tell
That even if they say so
                        F#m
She d be the one that would know
That I did do what I ve done
And I, I wouldn t call it cheating
                        F#m
I d just say I was leading her on
          Е
Why walk while I run a-way
F#m
You- you ask me what went wrong
Me- i ll write you this last song
Please- just tell me one way we can win
One- more thing before I go
Two- the one who loves me so
             E
Three- don t make me count to three again

Happy endings
                        Е
Just what did you do, If you re a dream then come true
Stop pretending
                           Е
That what you mean isn t what you say
Hopeful dreaming,
Of times before the pain, wishing it was still the same
Loving, leaving
Round and round we go again

Walks a-lone, have often lead to thinking
              F#m
                                                             Α
My love for you is sinking to what seems an all time low
or high, the limits never ending,
And don t you know I m sending
There s no venture I won t go
For you
