Hereâ€™s another pity

Thereâ€™s another chance

You tried to learn our lesson

But you canâ€™t
G#   **Eb**
If we could burn this city

Without a change our lives will never last

          Weâ€™re going fast

When will we know how?

A man says from the sidewalk to the crowd
G#   **Eb**
And we could change the weather
C#add9
If we wanted to ourselves
G#   **Eb**   **C#add9**
And if we cant I guess we all need help   I need help

[Chorus]
G#   **Eb**   **C#add9**
You can sit beside me when the world comes down
G#   **Eb**   **C#add9**

     Fm   **C#add9**
We say, we do

The lies, the truth

And all I need is next to me
