CAPO 2

```
C#                                        B C#
Everybody wants to know where Jimmy has gone
C#                                        B C#
He left town, I doubt if hes coming back home
C#                                          B C#
Well Tony got a job, three kids and a lovely wife
C#                                            B C#
Working at the Commerce Bank for the rest of his life
```

[chorus]
```
Ebm          G#          C#
Nobody left to run with anymore
Ebm          G#            C#
Nobody left to do the crazy things we used to do before
Ebm          G#          C#
Nobody left to run with anymore
```

```
C#                                        B C#
Im gonna hit the road, adios my friend
C#                                      B C#
Go someplace and start all over again
C#                                              B C#
Con t know where I m going, like a gypsy out on the road
C#                                        B C#
I ll go someplace and join a traveling show
```

[chorus]
```
Ebm          G#          C#
Nobody left to run with anymore
Ebm          G#             C#
Nobody wants to do the crazy things we used to do before
Ebm          G#          C#
Nobody left to run with anymore
Ebm          G#          C#
Nobody left to run with anymore
Ebm          G#          C#
Nobody left to run with anymore
```

```
C#                                            B C#
I think Jimmy must have had the right idea
C#                                        B C#
Packed his stuff and he got right out of here
C#                                            B C#
```

I dont know where hes at but I m sure that he s ok
C#   **B C#**
Now I realize what Jimmy was trying to say
