

**House Of Rising Sun**  
**The Animals**

This is an easy bass line to lay, it just goes with the lowest note of the chord!!!

There are two chord progressions in the song

1st one: Am, C, D, F, A, C, E

2nd one: Am, C, D, F, A, Em, A

Just go on playing it one after another throughout the song!!!

Now to the bass line:

Pick each note once, see the guitar tab for reference:

Riff1 (for the first progression):

```
      Am   C    D    F    Am   C    E
G |-----|
D |-----|
A |---0---3---5-----0---3-----|
E |-----1-----0-----|
```

Riff2 ( for the second one):

```
      Am   C    D    F    Am   Em   Am
G |-----|
D |-----|
A |---0---3---5-----0-----0---|
E |-----1-----0-----|
```

It is just the basis, though the band played it that way.  
If it is too simple for you try to improvise like my father  
does while playing this song.
