Narração:

This following program is dedicated to the city and people of San Francisco
Who may not know it, but they are beautiful - and so is their city
This is a very personal song, so if the viewer cannot understand it particularly those of you who are European residents - save up all your bread and fly Trans-Love Airways to San Francisco, USA
Then maybe you ll understand the song
It will be worth it - if not for the sake of this song
But for the sake of your own peace of mind
