Intro: **Em7 Bm Am C / Bm Am C D**

**G** **Bm**  
In a nightmare, I am falling  
**C** **G D9/F#**  
From the ceiling into bed beside you  
**Em7**  
You re asleep, I m screaming  
**Am** **C** **D**  
Shoving you to try to wake you up  
**G** **Bm**  
And like before, you ve got no interest  
**C** **G D9/F#**  
In the life you live when you re awake  
**Em7** **Am**  
Your dreams still follow storylines  
**C** **D**  
Like fictions you would make

**G** **Bm**  
So I lie down against your back  
**C** **G D9/F#**  
Until we re both back in the hospital  
**Em** **Am**  
But now it s not a cancer ward  
**C** **D**  
We re sleeping in the morgue  
**G** **Bm**  
Men and women in blue and white  
**C** **G**  
They are singing all around you  
**D9/F#** **Em7** **Am**  
With heavy shovels holding earth  
**C** **C**  
You re being buried to you neck

**G** **Bm**  
In that hospital bed  
**C** **G D9/F#**  
Being buried quite alive now  
**Em7**  
I m trying to dig you out  
**Am** **C** **D**  
But all you want is to be buried there together

**Am**  
You re screaming

**G**

And cursing

**Am**

And angry

**G**

**G**

Apologizing

(Segue toda a música com os mesmos acordes e ritmos)

I ve woken up, I m in our bed  
But there s no breathing body there beside me  
Someone must have taken you while I was stuck asleep  
But I know better as my eyes adjust  
You ve been gone for quite a while now  
And I don t work there in the hospital  
They had to let me go

When I try to move my arms sometimes  
They weigh too much to lift  
I think you buried me awake  
My one and only parting gift  
But you return to me at night  
Just when I think I may have fallen asleep  
Your face is up against mine  
And I m too terrified to speak

You re screaming  
And cursing  
And angry  
And hurting me  
And then smiling  
And crying  
Apologizing

You re screaming  
And cursing  
And angry  
And hurting me  
And then smiling  
And crying  
Apologizing
