Intro

**F C F C Dm Am F C** x2

Verse 1

**F C Am G**  
You wanna climb up the stairs, I wanna push you back down  
**F C Am G**  
But I let you inside, So you can push me around  
**F C Am G**  
If I leave before you, And I walk out alone  
**F C Am G**  
Keep your hands to yourself, When you follow me home

Chorus x 2

**F C F C Dm Am F C**  
I don t want love

Verse 2

**F C**  
We wake up with pounding heads  
**Am G**  
Bruised down below  
**F C**  
I should have built better walls  
**Am G**  
Or slept in my clothes  
**F C**  
So if I see you again  
**Am G**  
Desperate and stoned  
**F C**  
Keep your prison locked up  
**Am G**  
And I will leave my gun at home

Chorus / Outro
