

**Bottleneck Barbiturate**  
**The Ark**

[Intro]

**B**

[Verse 1]

**E** **C#m**  
I don't believe in angels  
**A** **E/G#** **F#m** **B**  
Well, at least not in yours  
**G#** **G#/C** **C#m**  
But I believe in the sensation  
**F#** **B**  
of holding you close  
**E** **C#m**  
And I don't believe in exile  
**A** **E/G#** **F#m** **B**  
Well at least not, how you practise it  
**G#** **G#/C** **C#m**  
but I'm willing to regret  
**F#** **B**  
all the travels I made  
**E**  
all the triumphs in my book  
**B**  
'cause I'm afraid  
**A** **E/G#** **F#m**  
that they took me away from you

[Chorus]

**G#** **G#/C** **C#m**  
So, don't be upset  
**B** **B/A** **E**  
'cause your bottleneck barbiturate  
**G#** **C#m**  
ain't helping you out  
**F#m** **B**  
It wasn't meant to be a hole in the ground  
**G#** **G#/C** **C#m**  
Don't make me wait  
**B** **B/A** **E**  
'cause your bottleneck barbiturate  
**G#** **C#m**  
is letting you down  
**F#m** **B**  
'cause I know other ways of getting around  
**A** **B**  
the lonely hour

[Verse 2]

E C#m  
Iâ'm the one who used to tell you  
A E/G# F#m B  
oh that something is for free  
G# G#/C C#m  
And, that being lonely  
F# B  
doesn't have to be a drag (What a gag...)

E C#m  
Now if I was to envy you  
A E/G# F#m B  
you know it wouldn't be for real  
G# G#/C C#m F#  
No just a way to steal - or...  
B E  
Can it be so that we've made it on our own?  
B A E/G# F#m  
I don't know, but these walls seems to tell me it ain't so...

[Chorus]

G# G#/C C#m  
So, don't be upset  
B B/A E  
`cause your bottleneck barbiturate  
G# C#m  
ain't helping you out  
F#m B  
It wasn't meant to be a hole in the ground  
G# G#/C C#m  
Don't make me wait  
B B/A E  
`cause your bottleneck barbiturate  
G# C#m  
is letting you down  
F#m B  
`cause I know other ways of getting around  
A B  
the lonely hou, hou, hou, ooooh

[Chorus]

G# G#/C C#m  
Oh don't make me wait  
B B/A E  
`cause your bottleneck barbiturate  
G# C#m  
Is letting you down  
F#m B  
It wasn't meant to be a hole in the ground  
G# G#/C C#m  
Oh don't make me wait  
B B/A E

Â'cause your bottleneck barbiturate

**G# C#m**

is letting you down

**F#m**

**B**

`cause I know better ways of getting around

**A**

**B**

**B**

the lonely hour

[Outro]

**E**

DonÂ't make me wait

**G# C#m**

DonÂ't make me wait

**B**

**E**

DonÂ't make me wait!

(tempo slow down)
