1-800-Alarm-Me
The Arrogant Sons of Bitches
F#
hey, i woke up today (today)
to think about a dream i had
a dream I left so far away
                      Ebm
ten seconds pass, and as
i think twenty minutes pass
i failed my mission
      Bm
i m a waste of life, waste of mind, where s my ambition
F#
chalk up one girlfriend
           G#m
two broken cars
my band and friends are nothing more
Ebm
             C#
than parting shots not taken
                    C#
look at how jaded I can be
               C#
                                   F#
when I turned 16, already way too old to be in this entire scene
of sighing lazily at unaccomplished dreams
                         C#
yeah it s my home but i think its time to go
                      C#
i ll hit once more so i don t wake up
F#
                      G#m
i got no home, and i got nowhere to go
                     C#
i just can t seem to get on top of this
```

F#

still I lay in bed

G#m

situation normal all fucked up

```
think of all the dreams i had and clever remarks i have said
                       F.bm
it seems like they all mean nothing
snooze, alarm, reset that s eight more minutes
this disaster can t exist because I m not awake to live it
F#
                                        G#m
i can t seem to place where life went wrong
it s the wrong chords
              Ebm
it s one lame song
Ebm C#
                                  C#
                      В
ill never know what exit to get off at until its passed
               C#
В
kick me in the ass
                    F#
a free shot, get it over with and kick me till i bleed
                        C#
                                                        F#
it seems that s all you need (let s go) this one s on me
                         C#
yeah it s my home but i think its time to go
                      C#
i ll hit once more so i don t wake up
F#
                      G#m
i got no home, and i got nowhere to go
                     C#
i just can t seem to get on top of this
                                               Bm
situation normal all fucked up
F#
                         G#m
i don t think i m going outside today
             Ebm
i ll stay in bed all day
                                  Bm
declare a personal holiday
           Ebm
so you can take my page right of your phone book
burn my seven digits to ashes
i won t be attending any of your classes
Bm
write another song as this day passes
