Intro: / G - - - / - - - - /

**G** (2)

Once a year we celebrate

**C** **G**  
With stupid hats and plastic plates

**G** (2)  
The fact that you were able to make

**C** **G** (hold)  
Another trip around the sun

**G** (2)  
And the whole clan gathers round

**C** **G**  
And gifts and laughter do abound

**G** (2)  
And we let out a joyful sound

**C** **G** (hold)  
And sing that stupid song

**G** **C** **G** (2)  
Happy birthday! Now you re one year older!

**G** **C** **G** (2)  
Happy birthday! Your life still isn t over!

**G** **C** **G**

Decrease with every year

Inside a block of ice

**G (2)**

But instead your time is set

**C**

**G**

This is the only life you get

And though it hasn't ended yet

**C**

**G (hold)**

Sometimes you wish it might
