

**Revolving
The Assemblie**

There are a few ways to play this song but this is the easiest version. Enjoy!
The Intro/Verse you will play 3 times and at the end of the third time, start strumming the G.

If the Intro/Verse tab is too hard, just play the same chords as the second part of the first verse

PS. When i upload the tab, the format messes up. So there may be a few typos.
