Since the last look in her eyes
Bm
You said you hope that I'm happy now

But we both know
G
Like everything that's one big fucking lie

I wish I could turn around

Erase our lives take back those vows

A
I guess it's not that easy now

I'll tear that fucking chapel to the ground

A
Will ever be broken

Bm G D
I wonder if this spell we're under

A
Is ever going to end

Today I woke up
D
And these leaves that are weathered

A Em
Faded and fell to the ground

G
Like our tired hearts
