Falling Down  
The Audreys  
Intro

**C G F G F G C**

**C G F G**  
I spent a night in your town in a rundown hotel room

**C G F G**  
Cars sure were big enough to carry me

**C G F G**  
I spent a night in your town couple fighting in the next room

**C G F G**  
Folks sure were sweet enough to let me be

**Am G Em F**  
But I could pass through your town every other day

**Am G Em F**  
And it wonâ€™t change a thing wonâ€™t make you turn my way

**C G F G**  
To you Iâ€™m a dream that faded with the daylight

**C G F G C G F G**  
A promise made after midnight a thousand prayers for a lost cause

**F G C G**  
Snow falling down on snow

**C G F G**  
I was at a bar in your town while your friends All made excuses

**C G F G**  
And the lights were low enough to cover me

**C G F G**  
In a tiny bar in your town notes were drifting on an old tune

**C G F G**  
Just another sweet sad song to set me free

**Am G Em F**  
But I could pass through your town every other day

**Am G Em F**  
And it wonâ€™t change a thing wonâ€™t make you turn my way

**C G F**  
To you Iâ€™m a dream that faded with the daylight

**C G F G C G F G**  
A promise made after midnight a thousand prayers for a lost cause

**F G C**  
Snow falling down on snow

**F G Am G**  
I get let down and I get fooled around

**F G**  
And thatâ€™s hardly going to change

**F** **G**
