BAILED OUT
by Luke Haines (The Auteurs)
>From the album New Wave

```
F#m     E          A
Your star is descending
            Abm
Round here blindly
F#m                 E
Tell your dancing daughter
                A               Abm
That there s no room on the wing
F#m        E
We can bitch
              A
but it ain t tinsel town
      Abm
Hey! Starchild
F#m    E
Can t dance
         A              Abm
Left out on a useless limb

A     B          E
This party will start
             C#m
To drag you down
A           B
```

```
Slap your face
                    E       G#
And pull your hair

F#m     A    F#m      A
Bailed out, bailed out
F#m     A       H              A
Bailed out, this skin is shed
D       E    D       E
Bailed out, bailed out
D       E      C#m            Hm
Bailed out, this thing is dead

F#m         E
I was in traction
                A
started off smiling
                    Abm
Couldn t help laughing
F#m       E
I was astounded when
        A               Abm
They caught you unaware
F#m                 E
And some missionary said
            A
That this week we ve got to shoot
          Abm
All the dancing girls
F#m             E
And then replace them
        A               Abm
With satellites instead

A       B           E
This party will start
                C#m
To drag you down
A           B
Slap your face
                    E       G#
And pull your hair

F#m     A    F#m      A
Bailed out, bailed out
F#m     A       H              A
Bailed out, this skin is shed
D       E    D       E
Bailed out, bailed out
D       E      C#m            Hm
Bailed out, this thing is dead

E                               F#m
```

```
Like to see something change
          A              D              C#m
Around here, around there, around here

D     E          A
This party will start
              F#m
To drag you down
D           E
Slap your face
                  A     G#
And pull your hair

F#m     A     F#m     A
Bailed out, bailed out
F#m     A       H               A
Bailed out, this skin is shed
D       E       D       E
Bailed out, bailed out
D       E       C#m             Hm
Bailed out, this thing is dead

F#m...
```
