In time, won't be long

until we meet again, except we just be friends

my god yeah I know

that's just the way it goes out here on the road

beside the yellow line

Bout five years ago,
I came about this way, but I doubt they'll know my face
The land hasn't changed
The stars still pierce the black, and I'm glad that I came back
Beside the yellow line

The mind of a girl,
It's hard to understand, but I guess cause I'm a man
Her heart fears are unknown,
Until I am gone, gotta leave her all alone
Beside the yellow line

And the call of the road,
Unlike the railroad tracks, unlike the airplane path
Her voice floats, through the land
and it takes me by the hand, so once again I stand
Beside the yellow line
