[Chorus]

G **Am**
Down with the shine, the perfect shine
C **D**
That poisons the well, and ruins my mind
G **Am**
I get took for a ride every time
C **D** **G**
Down with the glistening shine

[Verse 1]

G **Am**
It s in with the new, and out with the old
C **D**
Out with the warm, and in comes the cold
G **Am**
It s the most predictable story told:
C **D** **G**
In with the young, out with the old

[Chorus]

G **Am**
Down with the shine, the perfect shine
C **D**
That poisons the well, and ruins my mind
G **Am**
I get took for a ride every time
C **D** **G**
Down with the glistening shine

[Verse 2]

G **Am**
A belly full of high dollar wines
C **D** **G**
A fat hand, a fat wallet too
G **Am**
Things change and get strange with the movement of time

Enjoy!
