I Would Be Sad

Capo 3

**G** walkdown) **Em** **C** **G**  
I would be sad because you left me all alone  
**Em** **C** **G**  
I would be sad because the lies that you had told me  
**Em** **C** **D** **G**  
I would be sad because I got left by a girl that I adore  
**Em** **C** **G**  
I would be sad for the love I had before

**G** **Em**  
I meant what I said when I said I would settle down with you  
**C** **D**  
although I know its not something that you were asking me to do  
**G** **Em**  
And I know we are young but we wonâ€™t always be so marry me  
**C** **D**  
Lets not be that predictable young couple change and moving on

But I can tell by watching you that there s no chance of pushing through  
the odds are so against us you know that most young love it ends like this

I would be sad because you left me all alone  
I would be sad for the lies that you had told me  
I would be sad because I got left by a girl that i adore  
I would be sad .. wait there s more  
**G** **Em** **C** **D**

I meant what I said when I said I would rearrange my plans and change for you  
Well you know me Iâ€™ve always been the kind with easy confidence  
Confident enough to honestly believe that nothing out there is stopping me  
Especially not some girl who s not loving me  
Now listen here baby I told you I could live on without loving you  
Well I was bluffing then but it seems that just might have been the truth  
Well my dad told me one day son (useless???) girl shell think of what sheâ€™s  
done  
And hurting you will be the first of many more regrets to come  
And he said if she doesn t call then its her fault and its her loss  
I say Dad itâ€™s not that simple see but then again it just may be

I would be sad because you left me all alone

I would be sad for all the lies that you had told me  
I would be sad because I got left by a girl that i adore  
I would be sad for the love I had before  
I would be sad for the love I had before
