

**Laundry Room**  
**The Avett Brothers**

Capo on 4

This is an easy version without any riffs.

**G C G**  
Don t push me out

**G C G**  
Just a little longer

**Am**  
Stall your mother

**C G C G**  
Disregard your father s word

**G C G**  
Close the laundry door

**G C G**  
Tiptoe across the floor

**Am**  
Keep your clothes on

**C G C G**  
I got all that I can take

**Am**  
Teach me how to use

**C G C G**  
The love that people say you made

**G C G**  
Last night I dreamt the whole night long

**G C G**  
I woke up with a head full of songs

**Am**  
I spent the whole day

**C G C G**  
I wrote em down but it s a shame

**Am**  
Tonight I ll burn the lyrics

**C G C G**  
Cause every chorus was your name

**G C G**  
Break this tired old routine

**G C G**  
And this time don t make me leave

**G**            **C**                            **G**  
I am a breathing time machine

**G**                            **C**                            **G**  
I ll take you all for a ride
