You were smiling to yourself as if we both understood

The silent language of the anguish of a heart that sings but doesn t make a

sound

What did I do to deserve you?

How did you find me?

I was already halfway gone

You were a bright light

[Verse]

D **F**
 Nobody told me all the patience it takes
D **F**
 For the sky to open up around me
D C Bb A G
 They said love is grabbing blindly at a pit full of snakes
 And wait to feel the only heel among the rows of all the venomous teeth

[Chorus]

Bb F
 What did I do to deserve you?
D
 How did you find me?
F A7
 I was already halfway gone
Bb
 You were a bright light
F A7
 You were a fistfight, oh

[Bridge]

Bb F
 Our love is older than the great wall
Dm7 F A7
 Our love spins a gun around its finger
Bb F
 Our love has found its way into our mouths before
Dm F A7
 Cut our teeth until we swallow it whole
Bb F G7
 Our love hums low beneath the floorboards
Dm F A7
 Our love grows flowers in the winter
Bb F
 Our love has found its way onto our tongues before
Dm F7M
 There is more so take a bite and let it linger

[Chorus x2]

Bb F
 What did I do to deserve you?
D
 How did you find me?
F A7
 I was already halfway gone
Bb

You were a bright light

F **A7**

You were a fistfight, oh
