

**Walk Me Down The Middle**  
**The Band Perry**

I am a beginner Guitar player. I've never had any classes besides an intro class, so sorry this may be very simplistic, (I'm going from ear.) I know it's not 100%, but it to work.

NO CAPO

**C D G Cadd9**  
I was meant to be by your side  
**C D G Cadd9**  
And I have waited here a long time  
**C D G Cadd9**  
For you to turn around and notice me  
**Am D**  
But now you're here holding hands with me  
**C D G**  
Walk me down the middle of the county fair  
**C D G G7**  
Walk me down the middle like you don't care  
**C D**  
Walk me by the ferris wheel  
**G Cadd9**  
And make sure she sees  
**C D C / G / D**  
Let the whole world know you belong to me  
**C / G / D**

**C D G Cadd9**  
I heard about your bitter end  
**C D G Cadd9**  
About how she stole your heart and put it back again  
**C D Cadd9**  
Well I may not be the prettiest girl around  
**Am D**  
But I sure am a sight for sore, sore eyes  
**C D G**  
Walk me down the middle of Main Street  
**C D G G7**  
Walk me down where the whole town will be  
**C D**  
I don't need no parade  
**G Cadd9**  
But make sure that she sees  
**C D C / G / D**

Let the whole world know you belong to me  
C / G / D
