

**Crash And Burn**  
**The Bangles**

**C** **G**  
LA to Reno, checking out the scene-o  
**C** **F** **C** **G**  
Feeling so mean-o, sometimes I wish I could crash and burn  
**C** **G**  
Winding through the hot night without my headlights  
**C** **F** **C** **G**  
20-20 hindsight, sometimes I wish I could crash and burn  
**F** **C**  
Crash and burn and I never ever felt so lonely  
**F** **Bb**  
Crash and burn can't look them in the eye  
**G**  
Just wanna drive and drive and drive  
**C** **G**  
Going nowhere, and I don't care  
**C** **F** **C** **G**  
Can't wait till I get there, sometimes I wish I could crash and burn  
**F** **C**  
Crash and burn and I never ever felt so lonely  
**F** **Bb**  
Crash and burn can't look them in the eye  
**G**  
Just wanna drive and drive and drive

{Instrumental: Os mesmos acordes do verso anterior tocado 2x}

50 60 70 80 90. Gotta be a place where they can't find me  
**Bb** **G**  
Watching all those bridges burn behind me  
**C** **G**  
And if I can't see what's passing me  
**C** **F** **C** **G**  
Nothing can touch me I'll fly I wish I could  
**F** **C**  
Crash and burn and I never ever felt so lonely  
**F** **Fm**  
Crash and burn can't look them in the eye  
**G**  
Just wanna drive and drive and drive  
**C** **G**  
On my filico, I hear an echo  
**C** **F**  
There was a wreck-o, yesterday

**C**
