

Crash And Burn
The Bangles

B **F#**
LA to Reno, checking out the scene-o
B **E** **B** **F#**
Feeling so mean-o, sometimes I wish I could crash and burn
B **F#**
Winding through the hot night without my headlights
B **E** **B** **F#**
20-20 hindsight, sometimes I wish I could crash and burn
E **B**
Crash and burn and I never ever felt so lonely
E **A**
Crash and burn can't look them in the eye
F#
Just wanna drive and drive and drive
B **F#**
Going nowhere, and I don't care
B **E** **B** **F#**
Can't wait till I get there, sometimes I wish I could crash and burn
E **B**
Crash and burn and I never ever felt so lonely
E **A**
Crash and burn can't look them in the eye
F#
Just wanna drive and drive and drive

{Instrumental: Os mesmos acordes do verso anterior tocado 2x}

E **B** **E** **B7**
50 60 70 80 90. Gotta be a place where they can't find me
A **F#**
Watching all those bridges burn behind me
B **F#**
And if I can't see what's passing me
B **E** **B** **F#**
Nothing can touch me I'll fly I wish I could
E **B**
Crash and burn and I never ever felt so lonely
E **Em**
Crash and burn can't look them in the eye
F#
Just wanna drive and drive and drive
B **F#**
On my filico, I hear an echo
B **E**
There was a wreck-o, yesterday

B **F#**

And by tomorrow they ll sweep the char-o

B **E**

And wash the tar and trouble away

B **F# B** **E B** **F#**

How I wish I would. How I wish I would. How I wish I could
