Em **Asus2**
You ve got the ticket, come on,slip inside
Em **Asus2**
And let my song take you for a ride

D **G**
Come on! won t you let me be,
D **G**
by your side for now and eternity?
Em **G** **A**
Cos I love you, Baby I do,and now
D **G**
can you see what has come over me?
D **G**
oh my life is growin like a big oak tree
Em **G** **A** **D**
Cos I love you, baby I do,an now can you see?

Why don t you let me come and kiss and make it better?
I m not the one who came and left it later
now you relax and let your mind go free
you won t regret the feeling you receive
