At my beard accessory store

The landlord came a knockin at my beard accessory store  
 My beard accessory store  
 Said I was evicted from my beard accessory store  
 My beard accessory store  
 He said that beard accessories  
 Were no longer necessities  
 And shut my beard accessory store

So I lured my landlord inside and locked the door  
 Of my beard accessory store  
 I can t say what I did to him, but it was against the law  
 At my beard accessory store  
 And now I ve long since left town  
 The body was never found  
 And I don t sell beard accessories any more
