The Beatles
Window, Window
(George Harrison)

G **Am**
I once knew a beautiful girl
Em **A7**
She had long blonde hair in a curl
G **A7** **Am** **Em**
She looked after me, and I looked before her
Em **G**
At that time it hadn t occurred(?)

G **Am**
As time turned my head and my mind
Em **A7**
The pleasure seemed harder to find
G **A7**
By then it was such,
Am **Em**
That I live for too much,
Am **G**
Now I stay home and slowly unwind

G **Am**
Now I look out the window and see
Em **A7**
I look out the window and see
G **A7** **Em**
I look out the window and see
G **Em** **G**
That I get the feeling it doesn t see me
