

**One Last Love Song**  
**The Beautiful South**

[F] I once had a friend who I loved from my Heart,  
But I [Bb] went on and left her for [C7] I d made a start,  
Now I m [F] moanin the blues like the rest of the charts  
Take me [Bb] back [C7]

So I ll [F] cry with a limp  
just get by on a limp  
Till these [Bb] blue eyes of mine they are [F] closed  
So [Bb] here s to an old fashioned [F] peck on the cheek  
And [C7] farewell my sweet Northern [F] Rose

Give me one last love song  
to [Bb] bring you back, bring you [C7] back  
give me [F] one last video, [Bb] dressed in black, dressed in [C7] black  
[Bb] give him a chorus and that [F] bit at the end  
where he [Bb] wails on and on bout the [F] loss of a friend  
[Bb] let him scream loadly well this love could [C7] mend  
Let it die, let it die [F]

Those bloody great ballads we hated at first  
well I bought them all, now I m writing worse  
Save me from baldness and saving the earth  
Take me back

And I ll smile with a limp  
And I ll love with a limp  
Till the clouds disappear from above  
And as the storm moves away, all I can say  
Is there s a towel in the door for your love

Give me one last love song  
to [Bb] bring you back, bring you [C7] back  
give me [F] one last video, [Bb] dressed in black, dressed in [C7] black  
[Bb] give him a chorus and that [F] bit at the end  
where he [Bb] wails on and on bout the [F] loss of a friend  
[Bb] let him scream loudly well this love could [C7] mend  
Let it die, let it die, let it [F] die.
