

**Losers**

**The Belle Brigade**

The Belle Birgade - [www.thebellebrigade.com](http://www.thebellebrigade.com)

This is my first submission so hope it comes out ok. Just heard the song for the first time yesterday and fell in love with it. It s pretty simple to play except for the C#m chord I couldn t seem to get around it. It might sound ok to just stay on A instead of C#m.

**E**

There will always be someone better than you

**A**

Even if you re the best

**C#m**

**E**

So let s stop the competition now

**A**

**E**

Or we will both be losers

**E**

And I m ashamed I ever tried to be higher than the rest

**A**

But brother I m not alone

**C#m**

**E**

We ve all tried to be on top of the world somehow

**A**

**E**

Cause we have all been losers

**E**

I don t wanna be laid down

**A**

No I don t wanna die knowing

**C#m**

**E**

That I spent so much time when I was young

**A**

**E**

Just trying to be the winner

**E**

So I wanna make it clear now

**A**

I wanna make it known

**C#m**

**F#**

That I don t care about any of that shit no more

**A**

**E**

Don t care about being a winner

**A** **E**

Or being smooth with women

**A** **E**

Or going out on Fridays

**A** **E**

Being the life of parties

**A** **F#** **E**

No, no more, no

There will always be someone worse than you

Sister don t let it get to your head

Cause you won t be on top of the world so long

In constant competition

This ain t about no one in particular

But I could list a few

I m removing myself from the queue

Don t care about being a winner

Or being smooth with women

Or going out on Fridays

Being the life of parties

Don t care about being harder

Or being Daddy s favorite

Or if you think I m a mimic

Or if I am a loser

Don t care about being a winner

Or being smooth with women

Or going out on Fridays

Being the life of parties

Don t care about being harder

Or being Daddy s favorite

Or if you think I m a mimic

Or if I am a loser

No, no more

No more

No more

No more

No more

No more
