

The Chemical Of You
The Bigger Lights

The Bigger Light play 1 half step down. This band is pretty much amazing. If you haven't heard of JK and Dans old band, Adelyn, I highly recommend you check them out.

NOTE: On the bridge I did not know what 2 of the chords were called so I will make a tab below this to show you what it looks like.

When it says to play Bb: Db--8---| and when it says G# play: Db--6---|
Ab--9---| Ab--7---|
Eb--6---| Eb--4---|
