```

You play this twice. There is no distortion in this song. The X means pause for two beats

```

|-----2-----|
|-----33-----4-----|
|-----33-----3-----|
|-----33-----|
|---o-----0-----|
|-----|

```

This is played four times and four times again for the verse. The lyrics That go with this are When i was thirteen . . .

Bridge

```

|--9x9--7x7--5x5-----|

Its pretty cool once you get the hang of it. No distortion and the x means a pause.

At the end he just plays:

```

This is a pretty easy song. Please post a comment. Number three on the Magic
Potion album.
